

# CITY OF LODI

PUBLIC WORKS DEPARTMENT

## COUNCIL COMMUNICATION

TO: City Council  
FROM: City Manager  
MEETING DATE: November 7, 1990  
AGENDA TITLE: Southern Pacific Transportation Company Street/Highway  
Easement Agreement on Cluff **Avenue** North of Victor Road

**RECOMMENDED ACTION:** That the City Council approve the Street/Highway Easement Agreement with Southern Pacific Transportation Company (SPT Co.) and authorize the City Manager and City Clerk to execute same and subsequent traffic signal agreements at this location.

**BACKGROUND INFORMATION:** During the traffic signal design process for Cluff Avenue and Victor Road intersection, it was determined the City did not have an agreement with SPT Co. to construct, reconstruct, and maintain Cluff Avenue adjacent the railroad lines. SPT Co. has prepared the standard agreement and it is ready for our signature.

We are **also** in the process of obtaining an agreement with SPT Co. to locate traffic signals and conduits in the railroad right-of-way. This agreement should be ready to be signed in a few weeks. Staff recommends Council authorize City Manager and City Clerk to execute the crossing agreement and the subsequent signal agreement in order to expedite the signal installation.

SPT Co. is in the process of installing crossing protection at this intersection. Construction of the traffic signal should begin in Spring 1991 after Caltrans approves the plans.

  
Jack L. Ronsko  
Public Works Director

JLR/PJF/mt

cc: Assistant Civil Engineer-Traffic

APPROVED:

  
THOMAS A. PETERSON, City Manager
